Letter of Guarantee

Best Sanitizers, Inc. certifies that Alpet E3 Plus complies with earlier USDA guidelines for E3 Hand Sanitizing Compounds for use as a hand sanitizer in food processing and food handling areas in official establishments operating under the Federal Meat and Poultry Inspection Program. This certification is based on a review by Best Sanitizers, Inc. establishing that the formulation of Alpet E3 Plus current FDA and USDA requirements for Hand Sanitizers. Alpet E3 Plus is formulated from GRAS rated compounds. Alpet E3 Plus is used undiluted and should be dispensed from Best Sanitizers, Inc. dispensers. When used following label instructions Alpet E3 Plus is safe and effective as a Hand Sanitizing Compound and will not adulterate food products when used following label directions.

E3 Hand Sanitizing Compounds

The compounds must be dispensed from adequate dispensers located a sufficient distance from the processing line to prevent accidental contamination. The hands must be washed and thoroughly rinsed prior to sanitizing with the compound. The hands need not be rinsed with potable water following the use of the compound. The compounds must always be used at dilutions and according to applicable directions provided on the label. The compounds have been accepted on the basis of their equivalency to 50 parts per million of chlorine.

Expiration dating is based on 24 full months of stability data. An example is 12/2010 expiry equates to the months end.
