

For Healthcare Industry Professionals

An alcohol hand sanitizing formula made with natural emollients to soften hands.

Areas of the hands missed with simple hand washing

Best Sanitizers, Inc. recommends following hand washing with hand sanitizer to more effectively reduce pathogens in harder to reach places like fingernails, cuticles, cracks and crevices of the hands and fingers.

HAND SANITIZER GEL

- 64.0% Alcohol and Formulated with Emollients to Help Keep Skin Soft & Healthy
- NSF Certified, Kosher Certified & Pareve
- Fragrance and Dye Free

See product label for handling and directions for use. See SDS for additional information.
